RISK MANAGEMENT

This course will enable the individual to systematically review the identification, assessment and management of risk against the background of reckless risk in the economy, together with new research findings on behavioural factors in the handling of risk.

Programme Outline

Students who complete this course will have knowledge in:

- The dynamic nature and sources of risk
- The risk management model
- Targeting and monitoring risk
- Risk modelling
- The control of risk, including the organisational and behavioural dimensions

Date: Thursday, 2nd December 2010

Venue: 11-15 Tara Street, Dublin 2

Duration: 12.30pm – 2.30pm (3 *CPE/CPD Hours*)

Cost: €95

Presenter – Gary Keenan Chartered MCIPD

Gary has been an ACCA lecturer with Griffith College for the past 9 years. His immeasurable background in senior management roles at home and abroad, in both human resources and marketing management across the manufacturing and services sectors, has yielded a rounded perspective combining academic rigour with practical application. A self-employed management consultant, author and journalist, Gary's broad business background also includes the establishment of restaurant and internet businesses.
