Advertising Date:	Wednesday 20 th October 2021
Closing Date:	Wednesday 5 th January 2022
Interview Date:	Wednesday 12 th January 2022

Griffith College is an equal opportunities employer. All candidates applying for teaching posts must

undergo a mock lecture before being interviewed; they may be asked demonstrate ability via portfolio.

Required Qualifications:

Candidates will be expected to have a Level 9 Qualification or equivalent in Architecture or a cognate discipline; proven teaching excellence and ability to support curriculum development; demonstrated leadership and problem solving skills; excellent interpersonal skills; and the ability to build relations and to work collaboratively. Membership of a Professional body and any record of research, scholarship and publications are an advantage.

Successful applicants should have the following attributes:

- Recent proven teaching excellence, an ability to support curriculum development and excellent communication skills.
- Demonstrated leadership and problem solving skills;
- Excellent interpersonal skills; and the ability to build relations and to work collaboratively.
- A keen interest in the subject, a broad knowledge of the topic and experience in commercial and residential projects.
- Up to date with regulations and guidelines and innovation related to the topic
- To design, develop and produce learning and teaching material and deliver the module.
- Lecturers will ensure the efficient and effective delivery of teaching programmes in accordance with the College strategy, policy and procedures, contribute to activities which influence leading edge practice and may also undertake research activity.
- Have experience of working in a positive, flexible manner.
- Willing to arrange student trips and site visits.
- Have experience of openly exchanging information and supporting colleagues
- Have an understanding and be able to demonstrate a commitment to Equal Opportunities and Diversity.

Green Design and Sustainability (10 ECTS) - Semester 2 Descriptor:

This module advances the learners' strategy for sustainability in their project work, addressing the philosophy and ethos behind sustainability, the need for sustainability, construction and use of the built environment, the value of a formulated approach to sustainability, suitable material selection and sustainable construction alternatives in the design of Interiors.

Mode: Part Time – Semester 2
Classes commence: 8th February 2022
Contact Hours: 24 hours (Timetabled on Tuesdays from 12- 2pm)

Sustainability I (10 ECTS) - Semester 1 Descriptor:

This module enables the learner to understand sustainability as a necessary element within the built environment and implement this concept in their project work. Learners are introduced to the concept of 'sustainability' and its role in the design, construction and use of the built environment. The concept is further developed to consider the wider context of climate change, energy sources and efficiencies, the circular economy, reduce/reuse/recycle strategies, and environmental ethics. Learners are encouraged to embrace sustainable design within the context of current legislation and regulations.

Mode: Part Time – Semester 1

Classes commence: 10th February 2022

Contact Hours: 30 hours (Timetabled online on Thursdays from 8.15-9.45pm, every second Saturday from 10-1pm)

Note: This is a maternity leave cover.

Guidelines for Mock Lecture

- As part of the interview process, candidates are required to give a 5 – 10 minute mock lecture, regarding the interview panel as students.
 - The lecture should cover an item (or items) of the candidate's choice from an existing (or proposed) course offered by the Faculty or Department.
 - The candidate is free to use whatever medium and teaching aids are appropriate, including and projector, but is encouraged to use new technology.
 - The lecture should not be the first lecture in a course, nor should it be an overview of a course.
 - The lecture will focus on explaining a particular aspect of the course to students who are unfamiliar with the topic.
 - The lecturer should begin by outlining any previous information that the students are expected to know (e.g. "I'm assuming you know how to which we covered last week").
 - Questions will be asked of the lecturer, either during or after the lecture.
-
